

5th and 6th Grade Digital Citizenship Contract

I respect myself and others when I am online. I use kind and uplifting words towards others.

I will make encouraging and insightful comments and suggestions when a classmate shares their work with me. I will not change or alter anyone's work without their permission.

I will always stay focused on the task my teacher has given me. I will not let other websites that are not school related distract me.

I will not use any personal social media sites (Facebook, Twitter, Instagram, etc.) on school devices.

I will respect copyright and be sure to cite all pictures and sources that are not my own work.

I will use gmail group message appropriately when working on a class group project. I will not use the group message outside of school for personal discussions.

I will protect my private information (password) from others. I will remember to **always** to log out of my account and not share my password.

If I have parental permission to bring my phone to school, it must remain in the phone bin from the beginning of the school day to the end. I understand that using my phone during school could be disruptive and will only use it for emergency purposes or expressed permission by a teacher.

Consequences

Developed and agreed upon through class and teacher collaboration

When a student breaks one of the elements in the contract written above, the student will receive a consequence. Each consequence was created and inspired by the 5th and 6th Grade students at NSCS to hold each other accountable as upstanding Digital Citizens. Listed below is the order of consequences.

First Offense: Loss of Recess Time

- The teacher will decide the minutes of time lost.

Second Offense: Loss of Chromebooks

- The student will lose the use of chromebooks for the specific content area it was being used for.

Third Offense: Impacts your Grade on a Specific Assignment

- The teacher will decide the scale of points.
